

e-Safety - Acceptable Use Agreement for pupils and parents

E-Safety Rule:

Pupils working with the VLE will only use it in the way instructed by the school.

All pupils use computer facilities including internet access as an essential part of learning, as required by the National Curriculum. Both pupils and their parents/carers are asked to sign to show that the e-safety rules have been understood and agreed.

Parent's consent for internet access

I have read and understood the school e-safety rules and give permission for my son/daughter to access the internet. I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials but I appreciate that this is a difficult task.

If pupils only use the VLE as instructed, there should be no danger of accessing inappropriate material. However, the VLE does allow access to the world wide web and parents should ensure their own safeguards are in place.

I understand that the school cannot be held responsible for the content of materials accessed through the internet. I agree that the school is not liable for any damages arising from use of the internet facilities.
